ALUMINUM SUBLIMATION PANELS

DURALUXE®

ALUMINUM SUBLIMATION PANELS

Duraluxe® outdoor sublimation panels are the result of over 20 years of sublimation experience by the Decoral® group of companies, a worldwide leader in architectural sublimation finishes.

Since starting its first aluminum anodizing plant in 1973 and powder coating factory only 10 years later, Decoral has led the advancement of powder coated sublimation technologies on metal and countless other materials. Most recently, having recognized a need for outdoor sublimation panels with extreme durability, Decoral has developed the Duraluxe® line of powder coated aluminum panels for the signage and other industries. Duraluxe® sublimation panels offer the highest level of durability with properties designed to withstand long-term exposure to outdoor elements.

Duraluxe sublimation panels offer:

- Maximum Outdoor Resistance
- Scratch-Resistant Finishes
- UV-Resistant Finishes
- Powder Coated Sublimation
- Anti-Graffiti Finishes
- Chemical Resistant Finishes
- Textured, Matte & Glossy Finishes
- Premium Quality Aluminum
