

*Please see below for name application instructions for honourboards:*

*The top of the supplied name will need to be aligned with the bottom of the name above it*

*The supplied name will be on an application paper that have adhesive on the back of it and that will have thicker backing paper. To have the best alignment and application, position the supplied as per instructions, hold it in place using a small amount of tape, once its in position carefully remove the backing paper (making sure all the names are stuck to the application paper) Now carefully and evenly apply pressure to the tape and press it down. When its pressed down and stuck well, remove the application paper slowly.*

*The sides will be aligned inside edge of the black separating lines or edge of board*
